IDENTITY INTO PRACTICE

FAITH REINS

PEDIATRIC & EQUINE THERAPY

Rooted in faith. Guided by care.

A shared language for the website, documents, merchandise and everyday communications.

---

10 IDENTITY MASTERS

42 PRODUCT DESIGNS / 84 ORIGINAL IMAGES

Version 7.0.0-local-review.1

HOW TO USE THIS SYSTEM

One source. Clear roles.

Use the visual guide for everyday decisions. Use the exact files and manifests for production handoff.

Identity	The approved horse, horizontal logo, document logo and four seals.
Foundations	V6 colors, typography, layout and photography carried forward.
Components	Semantic HTML/CSS references for the existing Astro website.
Patterns	Consistent home, therapy, family, donor and product pages.
Applications	Editable document, social, presentation and signage templates.
Merchandise	42 design records and 84 unchanged originals with provenance.
Release	Checksums, safe repository export and explicit QA boundaries.

Previously approved assets retain their status. New system documentation and templates are prepared for owner review. No repository or live-site change is included.

WEBSITE IDENTITY

The same lockup. Everywhere.

Retain the subtitle on desktop, tablet and mobile. Scale uniformly; never reconstruct the outlined wordmark.

Horizontal green / light backgrounds

Horizontal cream / dark backgrounds

Clear space: 0.25 x visible artwork height. Initial test target: 200 CSS px or 70 mm wide. Validate subtitle legibility at the actual use size.

DOCUMENTS AND ACCENTS

Formal, familiar, precise.

Use the stacked mark for documents and correspondence. The isolated horse is reserved for small accents and appropriate premium embroidery.

Stacked green

Stacked cream

Stacked black

Horse master

SEAL FAMILY

Four locked masters.

Keep the exact rope, rings, lettering, date and internal negative space. Do not use candidates or earlier seals as current artwork.

Two-color transparent

Two-color ivory field

Solid green transparent

Solid white transparent

COLOR FOUNDATIONS

Forest. Ivory. A little gold.

Use green for identity, headings and primary actions; ivory for the main page field. Gold is an accent, not default body text.

Forest
#173A2E

Deep green
#0E2019

Cream
#F3EEE4

Gold
#B08D57

Sand
#E7E0D2

Paper
#FBF8F1

Gold ink
#7A5E2E

Muted ink
#4B5249

Hairline
#D8CDB8

Locked seal ink exceptions: #003321 green and #C58C29 gold. These remain specific to the exact approved seal masters; they do not redefine website tokens.

TYPOGRAPHY AND VOICE

Warm. Calm. Specific.

Libre Caslon Display

Hero and section headlines. Short, declarative and spacious.

Libre Caslon Text

A thoughtful supporting voice.

Feature headings, lead paragraphs and a restrained italic emphasis.

Hanken Grotesk

Body copy, forms, navigation and controls. Sentence case in headings; tracked capitals for labels. Body 16px / 1.65 line height; labels 12px / weight 600.

Speak to families directly. Be clinically precise and neighborly. Explain next steps plainly. Use verified staff facts, testimonials and outcomes; do not invent statistics. Keep clinical services distinct from equine-assisted learning.

Logo lettering is already outlined. Do not retype the mark or introduce a script font or the rejected lowercase fr monogram.

LAYOUT AND PHOTOGRAPHY

A consistent rhythm.

Square corners, hairline rules, generous spacing and warm full-bleed photography.

Desktop	64px gutters / 96px section spacing / full nav from 1280px
Tablet	40px gutters / 80px section spacing / menu navigation
Mobile	20px gutters / 64px section spacing / 44px hero type

The outer content container follows production CSS at 1312px. Each page keeps its own hero; home horse-and-girl imagery remains unique to home. Use paired mobile crops and page-specific focal points. No shadows, rounded frames or decorative textures.

COMPONENT LANGUAGE

Useful states, clearly shown.

Semantic HTML references are included in components/examples.html. These are local examples, not connected forms or checkout.

PRIMARY

ACCENT

SECONDARY

Buttons: use buttons for actions and anchors for navigation. Define hover, focus, disabled and busy states. Minimum reference control height: 48px.

Field label

Readable input example

Associate help and errors programmatically with the control.

Disclosure, feedback and navigation

Use native FAQ disclosures, visible loading/error/recovery messages and a consistent responsive header. Keep menu expand/collapse state accessible; support Escape and focus return. Honor reduced-motion preferences.

Actual browser, contrast and assistive-technology verification remains a follow-on integration check. Static package validation does not imply passed website tests.

PAGE PATTERNS

Familiar paths to care.

Home	Hero, five services, audience paths, herd/team and giving band.
Therapy	Unique hero, individualized support, session steps and request CTA.
Family	Practical next steps, FAQs and callback-first intake.
Provider	Clear referral steps and approved intake channels.
Giving	Explicit giving module, sponsorships and stewardship.
Product	Two original views, design/color, proposed options and supplier chart.
Team / horse	Verified profiles, portraits and accurate sponsor attribution.

APPLICATION TEMPLATES

Faith Reins, in practice.

Editable SVG compositions embed the exact master artwork. Bracketed content is replaced before use.

MERCHANDISE STANDARDS

Quiet branding. Clear records.

Premium placements

Small horse embroidery for polos, quarter-zips and vests. Keep the approved reduced polo emblem standard; do not overwrite earlier imagery.

Color discipline

Green on cream, cream on green. Approved tonal-green polo variants remain intentional exceptions. No gold decoration on core merchandise.

Approved formats

Centered cap embroidery, matte printed forest-green journals and corner-embroidered throws. Youth hoodies are drawcord-free.

Source preservation

All 84 originals are unchanged. 72 match previous checksums; 12 cream/white files use approved persistent IDs and visually inspected assignments.

Approval boundary

82 approved visual references and 2 existing companion views. Mockups do not establish exact vector print identity or supplier availability.

Before ordering

Confirm Printful SKU, base colors, size chart, care, price and proof quality. Vest sourcing and requested blanket base colors remain unresolved.
